MOTRIKO

Manufactured by ecoplay.eu

3d view 1

Robinia is Europe's most durable wood. As it is hardwood the resistance is compared to Teak and Iroko. Robinia is naturally durable up to 20 years and more (class 1: very durable according to EN 350-2).

MOTRIKO

3d view 4

A totally green production: the bark and the sapwood that is removed from the Robinia pillars is transported to a local factory that produces pellets for heating. The small parts of the pillars are cut into small pieces and transported to a local pizzeria that uses it for pizza fire.
